

SAWYER FUNERAL SERVICE MARKED BY SIMPLICITY

"Creed Of Sawyer Family" Takes The Place Of Sermon

MARION, O., Sept. 26. (AP)—With simple solemnity Brigadier General Charles Sawyer, friend and physician of Warren G. Harding, twenty ninth president of the United States was buried in Marion cemetery today while the widow of the man whose health he had guarded looked on with lips tight in grief.

It was the second great sorrow in a year for Florence Kling Harding. For two years and six, Dr. Sawyer had been medical adviser to the Harding family. Mostly his mission had been to keep Mrs. Harding well and she has made her home at White Oaks, the Sawyer Sanitarium since her husband's death.

Dr. Sawyer's funeral services were of stark simplicity as he had wished them. There were no eulogies, no set sermon, no music. Instead at the Sawyer home, Dr. Jess Swank read the "creed of the Sawyer family," written by Dr. Sawyer and read at a family reunion.

Into the quiet room, the voice of Rev. Mr. Swank spoke of the principles that had guided the life of Dr. Sawyer.

"We believe," he read "in the principle of honesty in the principle of fair dealing, in earnestness of purpose, persistency of endeavor, community of action in industry, generosity, economy, thrift and industry.

"We believe in loyalty to country in patriotism and in the support of all American ideals.

"We believe in the home and home influenced as fundamental to the maintenance of the nation.

"We stand first and last and always for America for Americans—for a United States ever prepared for its own defense—for a policy which extends to all people of the world a helping hand when actual need or dire emergency arises."

Former United States Senator Frelinghuysen of New Jersey, who was an honorary pall bearer succeeds to the presidency of the Harding Memorial association by reason of Dr. Sawyer's death.

KNIGHTS TEMPLAR TO CLOSE CONCLAVE IN SPRINGFIELD TODAY

Twenty-Five Drill Teams To
Compete At State Fair
Grounds

SPRINGFIELD, Ill., Sept. 26. (AP)—Twenty five crack drill teams, the cream of squads of the Knights Templar of Illinois will compete at the Illinois State Fair Grounds tomorrow morning as one of the closing features of the organization's annual conclave. A business session to follow the competitive drill will conclude the activities of the 1924 meeting.

The competition among the drill teams will furnish the third spectacular event of the organization's stay in this city. The other two were the brigade review held at the state fair grounds this afternoon and the brilliant held this morning preceding the opening of the conclave.

Over five thousand Knights Templar of the state marching to the music of seventeen bands and four drum and fife corps passed in view thru the main streets of the downtown district.

It was one of the most imposing spectacles ever witnessed in this city as the line, topped with white plume on several thousand chapeaus and with flashing sabres moved into mass formation in front of the Illinois Centennial Building to the strains of a martial air of the seventeenth bands consolidated. It was the longest parade ever presented by a uniformed lodge in this city.

Henry Rudolph Lundblad of Chicago becomes the new grand commander by the "stepping stone" system. These offices however, were filled by election to-day.

They were: Grand Sword Bearer, Edward D. Wade, Oak Park; Grand Warden, John A. Barber, Springfield; and Captain of the Guard, Richard J. Howells, Streator. Other officers are: Deputy Grand Commander, John Paul Hobbs, Chicago; Grand Generalissimo, Horace H. Halliday, Cairo; Captain General, Glenn Frank Coe, Dixon, Senior Warden, Edward A. Glad, Chicago; Junior Warden, Aubrey Prosser, Evanston; prelate, D. Arthur Campbell, Chicago; Grand treasurer, Sylvester Spring Chicago; Grand Recorder, William H. JONES STILL FIGHTS SMALL "SLUSH FUND"

CHICAGO, Sept. 26. (AP)—The time is at hand to stop the use of public funds to perpetuate Governor Small in office," Judge Norman L. Jones, Democratic nominee for governor declared tonight in an address before the Evanston Woman's Club at Evanston.

"Those who deal with the state," he said, "must not be compelled to pay tribute to the governor either thru fear of his wrath, or the hope of his reward."

Judge Jones said he recently asked the committee of the Illinois Highway and Municipal Contractors' association not to comply with the request of the state director of public works and buildings for a \$175,000 fund to be used to promote the passage of the \$100,000,000 good roads bond issue. He charged that the money was to be used as a "slush fund" to secure the re-election of Governor Small. He declared that his charges have not been denied and said that he considered this failure to deny them a proof of their truth.

THEO. ROOSEVELT QUIT POST AS NAVY ASSISTANT

Twenty-Five Drill Teams To
Compete At State Fair
Grounds

Will Start On Cam- paign As Candidate For Governor

WASHINGTON, Sept. 26.—President Coolidge considers the selection of Theodore Roosevelt as the Republican candidate for governor of New York a very strong nomination, he told friends today after Mr. Roosevelt had called twice at the white house, once to present his resignation as assistant secretary of the navy and again to pose for pictures with the president.

Mr. Roosevelt in a statement issued after visiting the president declared New York state would give Mr. Coolidge an unparalleled majority, in the election this fall and that the Republican state ticket would go thru by a similar majority.

A formal letter of resignation was drawn up by Mr. Roosevelt before leaving tonight and the president, who accepted the assistant secretary's verbal resignation today, is expected to reply to this letter.

Mr. Roosevelt said he was ready for an intensive campaign, and predicted the largest vote in the history of New York state would be recorded this fall. He will open the campaign in his address to the nation.

Mr. Roosevelt devoted much of his time today before leaving tonight for New York to clearing his desk and receiving congratulations on his nomination coupled with expressions of regret over his departure from Washington.

DAVIS CLOSES HIS WEST VIRGINIA TOUR

BLUEFIELD, W. Va., Sept. 26. (AP)—John W. Davis, Democratic standard bearer, closed a two day campaign of his native state of West Virginia here tonight with an address to an audience not only of West Virginians but including many from the "mother state," Virginia.

Discussions of the responsibilities of the American people to be of service to all mankind, the denunciation of government of special privilege and the declaration that his observations in the western campaign gave him assurance of victory, marked speeches from his train during the two days.

After a meeting in Huntington last night, today carried the candidate along the Tug River that separates West Virginia and Kentucky and here to the Virginia border. Ten stops were made during the day but at few was there time for discussion of political topics.

REPENTANCE THAT

Mrs. Sweeten, who gave poison to her husband, down in a southern Illinois town, is repentant now she is behind prison bars. There was ample time for repentance before in this case for the confession shows that the woman administered poison three different times before she succeeded in causing the death of her husband.

The strangest thing is that one who kills in order to marry another can imagine that happiness will come in such a way.

THE GROWTH
OF A STATE

It is said that the number of voters in Illinois in the past 100 years has increased 245 percent. These figures are based on the rate of 3,600 cast 100 years ago and 2,111,600 in the election of 1920.

These figures however do not give any real idea of the increase

THE RIGHT
TO VOTE

As has been said before, there are more organizations this year engaged in the effort to get a really representative vote in the coming national election than has ever been true before. Partisan and non-partisan organizations have both undertaken this work and men and women are being urged as never before to take part in the election, no matter for whom they vote.

Some time it will come to pass that thru schools of citizenship and other influences that an American citizen will not need this urging, but will vote because he counts it a duty and considers it also a privilege to have some voice in the choosing of those who direct the affairs in which he has a vital interest.

Thus far it has been impossible to make citizens understand that they are really stockholders in a huge corporation and that if they fail to take part in the selection of the board of directors and officers that they are forfeiting some of the rights to which they are entitled.

The Rebekahs order of this place will hold a school of instruction Thursday afternoon and evening October 3rd.

Mr. and Mrs. H. A. Naylor visited relatives in Winchester Wednesday.

TROUBLous TIMES
IN CASS COUNTY

Fourteen suits were recently filed in the circuit court of Cass county against former county officials in which the county seeks to recover about \$63,000. The suits were filed by State's Attorney

Assistant State's Attorney Walter Todd of Chicago.

Part of the suits are against the bondsmen of the late Sheriff James R. Sigh and other suits against Treasurer George Farrar, who is now serving. It is mentioned in one of the bills that Mr. Farrar, who formerly served as sheriff and collector converted to his own use \$29,702.52 from tax

money which belonged to the county.

The suits are the result of an audit of the county books completed recently. For a month past there has been a war on in Cass county between certain groups of citizens and it is because of the charges of corruption that the township organization plan of county management succeeded the commission plan.

The county treasurer, Mr. Farrar, is at odds with the board of supervisors and has refused to sign warrants for certain bills that the board had approved.

The affairs of the county are the result of the change in county management, the suits and charges of wrong doing, are in a very tempestuous state.

College Scandals

THE PLASTIC AGE. By Percy Marks. The Century Co. 1924. 332 pages. Price, \$2.00.

Reviewed by MARGARET K. MOORE

There are only two possible conclusions that one may reach after reading Mr. Marks' new novel, "The Plastic Age." The first of those conclusions, and we hope the right one, is that Mr. Marks has been most unfortunate in what he has seen of American colleges, and that his picture of undergraduate life is not typical. The second conclusion is that, if he is correct in his views, our colleges need a most thorough house-cleaning.

A very slight plot, the story of a boy's experiences in his four years of college, serves as a frame in which is shown picture after picture of life in an eastern college for men. It would be hard to think of any phase of life or activity in such a college that has been omitted: Mr. Marks has done his work thoroughly. And he would have us believe that his pictures represent life not only in that one particular school, but in all the colleges and universities of our country.

Hugh Carver, the son of a home of culture and refinement in a small New England town, goes to his father's old college, expecting to find the faculty gentlemen and scholars, the other students boys like himself, full of ambition and high ideals, and all life delightful. From his first days at the college, his development is a process of disillusionment.

Of all his instructors during the first year, he finds only one who can give him even as much help and inspiration as he received from his high school teachers. That one succeeds in rousing an interest in Plautus by translating it into the English of the streets, and enlivening it from what he himself claims is an unusual vocabulary of profanity and vulgarity.

As for the students, most of them spend their time in playing poker, smoking, discussing sex problems, drinking, and other forms of dissipation, with an occasional wild orgy of study just before semester exams. Their most ordinary conversation is punctuated with profanity, all of which is faithfully—and disgusting—reproduced in the book.

There is a love story—several love stories, to be exact; for the girl whom Hugh has kissed for the first time the night he left for college is not the one with whom he imagines himself madly in love during his second year, nor yet the one whom he invites to his Junior Prom. The last-mentioned young woman is evidently meant to be taken as representative of the girls of the day—rouging, smoking, drinking, using profanity as freely as the men, holding Hugh, as she herself admits, by purely physical attraction. Yet she is one of the strongest characters in the story, having in the end commonsense enough to see that Hugh is not really of her kind, in spite of his acquired tastes, and with that realization, courage enough to give him up for his own sake.

In fact, it has become the Age of Credit, tho it is perhaps—like the vogue of the columnist, in danger of being run into the ground and broken off. (That is, judging from the dreary, rapid stuff that now pours thru the one-famed "Line-o-Type" of the Chicago Tribune, since the apothecary of B. L. T.) But editors are coming to be signed, preferably by the writer's initials, because his name appears in the caption. And even news stories, those of particular importance at least, are signed—or rather prefixed, since it is often necessary to curtail the stories to fit the forms, by the name of the reporter.

The best newspaper editorials have long been recognized as reading matter—one of the points

worth to be worked for another series of anthologies—except for the fact that is so extensive. Some newspaper stories are noted for their style and brevity, and others—not. The day-by-day story of the Loeb-Leopold trial is a story of several volumes, but who would care to read it, except perhaps in the much abridged form now obtainable at all the book stores? It is the suspense that urges people to read such stuff, and afterwards they would hardly believe they could have wasted so much time, if they were shown the extent of it in ordinary volumes.

But if the specimens in the various anthologies of current verse are far from perfect, what is to be said of the specimens of newsmen here given? It is not to be supposed (tho it sometimes appears so) that a verse writer dashes off his verses for publication, without one or more revisions. But the reporter has no time to revise, except as he proceeds. And proof-sheets are all but out of style now too; or rather the correcting of them is coming to a point of "let it go."

Newspaper English is therefore hardly suited to class room usage, and only on the score of speed in getting an event translated to the minds of the public can it be justified or commended for elegance of style or originality.

The practice is not at all a matter of "putting on airs," but a means of inviting and radiating confidence. At the same time it is an assurance that the person named is responsible in every way, guaranteeing service and courtesy to those with whom he has dealings and expecting the same from the public.

CITY AND COUNTY

ELGIN, Ill. Sept. 26. (AP)—Choosing a spot on Lonely Lovers Lane, four miles north of this city, Albert J. Winteringham of Dundee, past grand lecturer of state Masonic lodges, committed suicide late yesterday afternoon by sending a bullet into his brain. Despondency over the condition of his mother, who has been ill for several years, is attributed as the reason for the act.

Mr. Winteringham's body was found by a farmer, near the spot where the murdered body of Mortimer Fairchild of Elgin, was found last August. Winteringham's car was standing in the middle of the road and a note in it explained his action.

The prominent Mason was also known throughout the midwest as a sportsman, fishing being his principal hobby. On several occasions he won the state ball and fly casting championships and his home was full of trophies.

Winteringham was 41 years old, unmarried, and an employee of the Elgin National Watch Co.

ROBBERS RUIN SAFE LOSS IS UNKNOWN

MACON, Ill. Sept. 26. (AP)—Cracksmen entered the Camp Grove State bank at Camp Grove, Ill., last night and burned a hole in the door of the vault but are believed to have been frightened away without any loot. A relocking device, however, locked the vault so securely that bank officials were unable to enter it today, and it will be necessary to bring a man here from the factory that made the safe, in order to open it.

The burglars evidently used an acetylene torch and burned a hole about 12 inches in diameter in the door of the vault.

When employees reached the bank they found the hole in the door, but were unable to open it because of the action of the relocking device. A small boy thrust through the hole, after looking around, reported he found nothing disturbed but until the vault can be opened the officials will not be certain that no loot was taken. A revolver belonging to a bank employee was stolen.

Local Football Season Opens This Afternoon

DOUBLE TREAT FOR FOOTBALL FANS

Jacksonville High School Meets
I. S. D. Tigers and Illinois College Opens Season Against Lincoln.

By ANDREW (ANDY) L. SMITH
Football Coach, University of California, University of Pennsylvania

How Penn Came From Behind To Score Four Touchdowns And Lick Michigan.

By SUNDOWN this evening football fans of Jacksonville should be able to draw some conclusions as to the merits of the Jacksonville teams, three of which will be seen in action this afternoon.

At two o'clock Jacksonville high school will take the field at I. S. D. against the Tigers of that institution, and although Coach Burns has practically a complete squad left from last year, he states it is far from convinced as to their merits, but instead, predicts very close contest. The following men have a good chance to make the start with the whistle: Baugh, Ig.; Wolz, I.; Quinn, Ig.; Sellers, (Capt.) c.; Knapp, Ig.; Jones, Lt.; Dillard, Ig.; Miller, q.b.; Rose, I.; Schrader, r.h.b.; Crabbe, f.b.

In addition to these players, Burns has also the following dependable men: Clark, Taylor, Carlson, Endrissi, Loomis, and others who may be given a trial before the game closes.

Coach John Mitchell of the high school has not a word to say as to his probable chances of winning the game; neither will he make any statement as to the personnel of the team to make the start, announcing that his mind will probably not be fully made up prior to the lineup at the field. Mitchell has a fine line of prospects, and if they lose it will be only on account of the weakness, as the Red and White will be forced to put in several new men to make their lineup. But regardless of which team is your favorite, get out and root for that team in the opener of the season, thus giving them encouragement, a great thing for the morale of a team.

At four o'clock, Lincoln College will take the field on the hill against Old Illinois, and the fans are very liable to see several new faces on the Blue and White lineup. Harmon is giving all an equal chance, with the result that some of the old regulars are having the time of their lives trying to hang on to the places they formerly held, this condition being brought about by the high class of recruits received among the new entrants. Coach Harmon will make no decision as to his starters until practically the last minute, but it is probable that this opening game will see a long list of substitutions as the game progresses, in order to allow a large number of the candidates to serve under fire. Illinois has received a new assignment of suits, the sweaters being blue with white figures.

For the first time in many years season football tickets are on sale. The price of the tickets is \$3.50 for five games. The list of games includes Lincoln, McKendree, Bradley, Wesleyan and Carthage. One game is on Thanksgiving Day, one on a Friday and three are on Saturday.

This arrangement offers an assortment which should please the most exacting football fans. The total cost of single admissions for the five games will be \$4.50. Hence the purchaser of a season ticket at \$3.50 clips one dollar from the total. Season tickets may be purchased today at the gate before the game with Lincoln college starts.

Today is "Rookie Day." This afternoon, anyone who has never seen a game of college football is admitted free as a guest of the college athletic association. Tickets for Rookies may be had at the gate this afternoon if the Rookie will declare himself and request the special Rookie ticket.

"Rookie Day" has always drawn a good crowd on the hill and if the weather this afternoon remains the same as it has been for the past few days the game should draw one of the best crowds of the year.

Although Coach Harmon would make no prediction as to the starters it would seem to an observer that the following men, added to the tentative lineup furnished by Lincoln would start at the beginning of the game.

Lincoln: Johnston, Ig.; Cox, Wells, Lt. (Capt.) Abel; Bracewell, Ig.; Hedges, Ig.; Hackett, c.; Crafton, Kemp, Ig.; Ash, Gard, Ig.; Watt, Dale, re.; Prince, Petefish, q.b.; Bledsoe, Bowman, Ig.; Ashbaugh, Cusick, Ig.; Fairbanks, Roberts (Capt.) Ig.; McCullough, Ig.

Kemp, Weber and Cusick are freshmen. Wells and Bracewell have been on the squad before but did not receive letters.

Those men who may be given a chance Saturday are as follows: Ig.; Rubendall, Davis, Lt., White, Ig.; Eccles, Ig.; Boiles, c.; Hopper, F.; Eccles, Ig.; Brant, Pickeral, Ig.; Fogelman, J.; Smith, Lt.; Stewart, Walker, Hunter, Ig.; McFee, Osborne, Ig.; Weber, Amsbaugh, Ig.; Choate, Carlson, H. Johnson, Ig.; Baker, S. Johnson.

Officials for the game are: Fred Muhl, Bloomington, U. of Illinois, referee; Harry Eielson, Springfield, Washington and Jefferson, umpire; John Larson, Jacksonville, head linesman.

Pension's Cafe will be closed Sunday from now until

YANKEES POUND OUT WIN OVER ATHLETICS

American League Champions Fighting Hard to Overcome Lead Held by Senators—Score 7 to 1

PHILADELPHIA, Sept. 26.—Their backs to the wall and fighting desperately in the hope of overtaking the Washington Senators, New York pounded its way to victory today when Philadelphia's defense weakened in the fifth inning. The total was 7 to 1.

For four innings, Texas Gray baffled the Yankees' attempts to break thru his delivery and was retiring them in order. But Pennock was sailing along just as smoothly and tho the Athletics managed to get men on bases in each of the first three innings they were unable to come thru with the hits in the pinches. The first break in the hurling duel came when Dykes and Miller collided in short right field in a chase for Pennock's pop fly.

The ball fell between them and before it could be recovered Pennock got to second base. Witt followed with a grounder to second that Dykes fumbled in his anxiety and men were on first and third with only one out. Dugan came thru with a two bagger. Pennock crossed the plate and Witt pulled up at third. Ruth was then purposely passed, filling the bases, but Pipp blasted a single thru the drawn-in infield that sent two more runs across the plate and the fourth and fifth runs of the inning counted on Meusel's single and Ward's grounder that forced Meusel at second. The lone run of the locals was scored in the sixth inning by Pinch-hitter Welch who singled to center to start the round. Hale followed with another hit of the same caliber but was thrown out at second. Welch crossed the plate on Lamar's single thru Ward but the rally met a sudden quietus when the next two batters went out on easy chances.

No player on the ball field can make enemies more quickly than the pitcher. He is in a position to do many things.

It is the pitcher who humbles the batter by making him pop up or strike out in a pinch. Very often the batter doesn't approve of the tactics used to bring about his discomfiture.

In the 20 years I have been umpiring major league ball, Walter facing a pitcher with great speed, best of all pitchers I have ever seen in action.

Opposing batters do not relish facing a pitcher with great speed.

If the pitcher happens to be a trifle wild it makes the situation all the more unpleasant.

While Johnson has always been

one of the most effective pitchers in the game, largely because of his fast ball, he could have made himself almost unhittable had he cared to resort to unsportsmanlike tactics.

With many pitchers the "beam-ball" has long been a weapon of intimidation. The "beam-ball" is the throwing of a fast one close to the batter's head, not to hit him but merely throw a scare into him.

Had Johnson resorted to such tactics he would have been even more effective, but would have gained the enmity of his profession.

Johnson, however, has always stood for clean sport. I have often heard him say that he would quit rather than intimidate the batter to help his effectiveness.

With the American League umpires, Johnson is an great a favorite as with the players. The reason—he does the pitching and lets the umpires call the plays.

FACULTY CONCERT IS LARGELY ATTENDED

Large Audience Delighted by
Illinois College Conservatory
Faculty Concert Given Last
Night.

A large audience assembled at the high school auditorium last evening to hear the first concert of the season by members of the faculty of Illinois Conservatory of Music.

The program was opened by a splendid rendition of the ever beautiful and interesting Sonata in A major by Cesar Franck. This number served to introduce two new artists whom Jacksonville is proud to welcome within her midst, Dr. William Kraupner, head of the Piano Department and director of the Conservatory, and Mr. Harve Clemens head of the Violin Department. The Sonata was most beautifully played by these two artists.

The solo numbers were opened by a group of songs by Mr. Garnett Hedge, with Miss Ruth Dorwart at the piano. It is always a keen delight to the Jacksonville audience to hear Mr. Hedge sing, who upon this occasion was at his best. His highly cultured voice of fine caliber and wide range had ample opportunity to display its rich qualities. His selections showed as usual his fine artistic taste and

ROAD SIGNS PLACED IN CITY YESTERDAY

Route Changes Are Made Known
by District Maintenance Engi-
neer

In the group of piano solo numbers which followed, Dr. Kraupner shone with particular luster as a pianist whose playing leaves the characteristic marks of a musician, equipped at once with a brilliant technique and the power of refined and masterful interpretation. After a splendid rendition of the powerful and somber Ballade by Liszt followed a group of compositions by the modern Russian composer Sergei De Bartklevic, who, by the way is a personal friend of Dr. Kraupner's, which was played with distinct charm. The composition of "Shepherd and Shepherdess" has been inspired by one of the daintiest old French paintings by Watteau whose masterly art of paintings has been most delicately depicted in this composition.

A new sign has been erected at the corner of Webster avenue and West State street directing traffic one block south to route 36 which is on West College avenue. This sign has been so placed that a traveler who might miss the regular route and drive west on West State street, could upon coming to the end of the street find his route without any difficulty.

Another change for the benefit of users of this route has been made on the road west of the city. The temporary route formerly ran thru Lynnville, but instead of making this turn south from the hard road to Lynnville the tourists are now instructed to proceed west on the hard road until within a half mile east of Riggan and there make the turn south onto the temporary route into Winchester.

**RIDGLEY ENCAMPMENT
TO ENTERTAIN DISTRICT**
Many Expected To Attend Dis-
trict Meet of Camps in City
Next Week.

Announcement has been made that a district encampment meeting will be held in the city on the afternoon and evening of Friday October 3. This affair, which will be held at Ridgley Encampment No. 9, I. O. O. F., on West State street will be attended by members from the twelve encampments of this district, which are located in Morgan and adjoining counties. The meeting will also be attended by a number of state officers, including Grand Patriarch Sitka and Grand High Priest Carl E. Weber.

At five o'clock memorial services will be held and at 6 o'clock a free supper will be served. The supper will be followed by work which will commence at 7:30 o'clock. The degree work will be carried on with mixed staff in charge of William J. Roberts. Sept. 28—Sinclair Lewis, "Babbitt." Oct. 5—Browning, "Rabbit Ben Ezra." Oct. 12—Bok, "The Americanization of Edward Bok." Oct. 19—Bojer, "The Power of a Lie." Oct. 26—Basil King, "The Conquest of Fear."

**FAREWELL DINNER FOR
WOODSON PASTOR SUNDAY**

Members and friends of the Unity Presbyterian church at Woodson will hold a basket dinner Sunday, Sept. 28, at the school house following the morning church service. This is a farewell dinner for Rev. Ice, who has supplied the church as pastor during the summer months. He will preach his last sermon Sunday and leaves next week for Princeton Theological Seminary, where he will enroll for the coming term. All members and friends of the church are cordially invited to come and bring their baskets.

HAS FINISHED THRESHING

Thomas Sturgis completed his fall threshing run Thursday at the Petefuse farm north of the city, which, by the way, was also his starting point at the beginning of the season, having threshed a total of about 50,000 bushels of wheat and oats.

**EVEN QUAIL ENJOY
VISITING JACKSONVILLE**

No, Jacksonville with her many fine educational institutions, does not bear the reputation of being a "Hick" village, in spite of the fact that Friday morning a covey of quail deliberately alighted in Central Park in the heart of the business district and after making a leisurely visit for quite a time, without molestation moved on to some other location.

Rather, it would appear that the people of Jacksonville are so friendly and hospitable, that even wild birds have come to realize this fact, and felt no doubt that they would be cordially received and their stay made pleasant.

TO RETURN TO WEST

Miss Marguerite Mayer, who has been spending about three weeks with relatives in this city, left Thursday afternoon to return to Los Angeles, Cal. She spent Thursday evening with friends in Carrollton, and is visiting over the week-end with friends in St. Louis. She expects also to visit relatives at Jefferson City, Mo., and Kansas City before her return to California.

MURRAYVILLE CHURCH TO BEGIN DEVOTIONAL

Murrayville, Sept. 26.—A 40-hour devotional service will be held at St. Bartholomew's church here in charge of Rev. Fr. John Franz of Granite City and assisted by Rev. Fr. McGuiness. The beautiful devotional of 40 hours will commence at 10 o'clock Sunday morning with high mass and continue until Tuesday evening at 9 o'clock.

Father Franz has been a member of the Diocesan Mission band for a number of years and no doubt his sermons at the different services will be both instructive and impressive. Masses will be held on Monday and Tuesday morning at 6 and 9 o'clock with services each evening at 7:30 o'clock.

**LET CONTRACTS FOR
MORE WATER MAINS**

Contracts for the laying of one

and a half miles of water mains in Jacksonville streets were let yesterday afternoon by the Board of Local Improvements in session at the city hall. The Jacksonville Plumbing Co., as low bidder was awarded the contract, which calls for an expenditure of about \$12,000. C. C. Schureman was the only other bidder for the work.

The contractors will begin work

of laying the mains within the

next 10 days. They are to consist

of four-inch pipe, and will be put

down on the following streets:

South Clay avenue, Edgell road,

South Mauvaisterre street, North

Diamond street, Ashland avenue,

Chambers street, Hockenhull

street, Cox street and Dunlap

street. A contract was also let

for the laying of a sewer on

Chambers street.

**SCOUTS WILL ENJOY
GATHERING AT PARK**

Scouts of the city and county

will gather this afternoon at 4

o'clock at Nichols park for one of

their regular pow-wows. Each

scout will bring his own lunch

and prepare it on the grounds.

Rumor has it that some refreshments

are also coming from

another source, and all scouts

want to be on hand when these

extra eats are passed around.

The program will be informal,

as no set games have been planned.

It will be up to the boys to

organize their stunts and provide

for themselves a jolly time after

their arrival at the park. There

will be a heap big talk about the

inter-troop contest which the

scouts will be entering next

month. All the boys will be on

their toes to know just how they

can wallop the other fellow's

troop during the next three

months.

The scouts will finish their frolic

by 8 o'clock and return to

their homes. Scouts who sell

papers or do other work that

prevents them from coming at 4

o'clock, should not fail to come

to the park after supper, so they

can get in on some of the fun.

**FILE CLAIMS IN
STATE COURTS**

Former United States Sen. L.

Y. Sherman and Noah C. Bainum,

members of the law firm of

Sherman & Bainum, have filed a

claim with the state court of

claims for \$8,000 for legal ser-

vices for the state. The petition

states that Sherman & Bainum

were employed by Atty. Gen.

Edward J. Brundage to look after

abut cases and were to have been

paid out of a fund of the attorney

general which was vetoed by

Governor Small. The legal ser-

vices were performed prior to the

veto of the appropriation.

Among the cases cited in the

petition was one against former

State Treasurer Edward Mitchell

to recover on money loaned by

Mitchell. The issues were found

for the defendant. Another case
